Giuseppe Capuano – CV

Giuseppe E. Capuano obtained the Master's degree in Physics in 2019, and the PhD in Physics in 2023, both at the University of Catania. After few months of work as fellowship researcher at the Institute for Microelectronics and Microsystems of the National Research Council (CNR - IMM), Catania, since September 2023 is a Fixed-Term Researcher in the same institute. He has coauthored more than 20 papers and participated to several schools and conferences. His research activities include the development of biological, electrochemical, and optoelectronic sensors for environmental applications and 3D design of microfluidic systems.
