

## **Francesca Giordano - CV**

My name is Francesca Giordano, and I am a PhD student at the TEACH doctoral school (Technology Applied to Cultural Heritage) at the University of Calabria (Unical), where I also completed my Master's degree in Geological Science and Technology. Since November 1st 2023, I have been conducting research funded by CNR-ITM (National Research Council – Institute for Membrane Technology) and supervised by Dr. S.A. Ruffolo and Dr. N. Rovella. My project focuses on studying alteration processes in ancient Calabrian coastal watchtowers, combined with the use of 3D models for cultural heritage advancement.
