Paweł Janus - CV

He is a senior researcher and group leader at the Łukasiewicz – Institute of Microelectronics and Photonics (IMiF). He earned his Ph.D. in electronics from Wrocław University of Science and Technology and has over 20 years of experience in micro- and nanotechnology, MEMS, and silicon microsensors. His current research focuses on silicon-based force sensors and scanning thermal microscopy techniques, and he has contributed to more than 80 scientific publications as well as national and European R&D projects.
