

CV Mor Matteo

Matteo Mor is a researcher at CNR-ISSMC (Faenza, Italy). He holds a Master's degree in Industrial Chemistry from the University of Bologna and a PhD in Materials Science from the University of Parma, focused on fiber-reinforced ultra-high temperature ceramic matrix composites (UHTCMCs) for aerospace applications. His current research involves 3D printing of ceramic materials and the functionalization of textiles for different applications. He has co-authored several scientific publications and presented his work at international conferences.
