

DAY 3 - September 19

Giuseppe SCANIELLO
**Leveraging AI and Smart Technologies:
Cross-Disciplinary Solutions in Healthcare
and Disease Management**

**Smart Health: Innovations
at the Crossroads of Science
and Technology**

9.00 - 10.30

Andrea QUATTRONE
**Artificial Intelligence and imaging data in
neurodegenerative diseases**

**AI-Powered Approaches in
Neurodegenerative diseases**

11.30 -13.00

**Multiscale Characterization of Materials:
Bridging Structure and Function**

in definition

Ivana D'ANGELO
**Nanocarriers for Antimicrobial Therapy:
Innovations in Infectious Disease Treatment**

**Translational Systems
for Infectious Disease Management**

14.00 - 15.30

16:00 - 17:30
**Flash Presentations
by Young Researchers
in Life Sciences**
